An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the specification:

On page 5,

In line 7, ";" has been changed to --.--;

In line 8, the phraseology "Figures 7 to 9 illustrate different esthetic appearances that the device may have." has been deleted.

On page 7, lines 14-16 (the entire 3rd paragraph), "As shown in Figures 7, 8, and 9, there.....outlines for esthetic reasons." has been deleted.

In the claims:

In claim 5, line 3, "a" has been changed to --said--.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Fincham on 11/30/2005.

Claims 1-3 and 5-6 renumbered as 1-5 respectively are allowable.

Art Unit: 3634

The following is an examiner's statement of reasons for allowance: the recitation of a window opening and closing assembly comprising a rack gear slidably mounted between a first member and second member, a pinion gear engaged with the rack gear, a handle having a shaft and connected to the pinion gear such that movement of the handle moves the rack gear, a pin mounted on one side of the pinion gear such that movement of the handle moves the pin from a first position when the handle is in a fully open position and a second position when the handle is in a fully closed position, and a resilient element mounted in the path of the pin proximate the first and second positions wherein as the pin approaches either the first or second position the pin will contact the resilient element and deflect the resilient element thereby permitting passage of the pin and the resilient element returning to its original position after passage of the pin thereby retaining the pin in the desired position is seen as an unobvious improvement over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Jerry Redman at telephone number 571-272-6835.
